Profile

I am an enthusiastic beginner in IT, passionate about working with updated technologies. As a quick learner, I am seeking an opportunity in web development to apply my skills, learn, and contribute to innovative projects.

Experience

Although I am at the beginning of my career, I believe an opportunity in a reputable company would be perfect to learn, improve my skills, and show my potential. I am dedicated and determined to deliver excellence.

PROJECTS

• **Flight Ticket Booking Site**: Developed using the MERN stack.

• Stock Scope: Analyzed data using an API and ReactJS.

• Google Keep Clone: Built with React, Tailwind CSS.

• Weather App: Created using React.

• To-do List: Developed with React and Redux.

• Portfolio: Showcased projects and skills.
